

Your energy bill

Message Center

This bill reflects BPU-approved changes in the Supply and Delivery portions of your gas bill, effective on and after April 1, 2026. The changes are due to implementation of the Gas System Modernization Program II Extension. As a result, a typical residential customer who receives gas supply from PSE&G and uses 87 therms in an average month will see an average monthly increase of \$0.92, or approximately 0.9%. Tariff information can be found at pseg.com.
